

Carl Friedrich Gauss, Surveyor of the year 2021

German Mathematician, Astronomer, Physician and Surveyor,
 * 30.4.1777 Braunschweig, † 23.2.1855 in Gottingen

- **Carl Friedrich Gauss (1777 - 1855) did pioneering work in four fields of knowledge:**
 - mathematics, astronomy, physics, and land surveying.
- **Born in Braunschweig**
 - Gauss became professor of astronomy in Gottingen
- **As a surveyor**
 - he became famous by measuring the meridian arc to determine the size and shape of the earth.
- **he has developed**
 - fundamental derivations of mathematical statistics.

Literature (German): Carl Friedrich Gauß – »Genie, Gigant, Titan«. Hommage an den niedersächsischen Wissenschaftler in seinem 150. Todesjahr, zfv 6/2005, <https://geodaesie.info/zfv/heftbeitrag/1302>

Carl Friedrich Gauss,

Surveyor of the year 2021

21st of March 2021 (Sunday): CLGE-Celebration in Brussels

(or evening of 20th of March ???)

- representative of DVW will participate (VP Jens Riecken)
- „little“ Sponsoring of DVW
- idea: Gauss (an actor) will participate and there might be a discussion with Gauss
- Celebration like always
